From the Heart of the Director…

What makes a home business a part of a family? It is the community. The success of any home business is being involved with those around you. The sharing of services, gifting of donations, the love and care maintaining a place as a Home becomes crucial to its survival. We at Journey Home Hospice in Greece could not survive without the resources of our community. We rely on our volunteers for the loving care provided to the dying in our community. We rely on the services it provides to keep us looking good, welcoming, and inviting. We rely on the finances from within our community as we are solely supported by donations and memorials. Long and short, we could not survive, without you!

We reach out to you, our families, our neighbors, our businesses, asking for you to consider a donation of ***$9.94 or more***, ***$99.94 or more***, ***$994.94 or more***—securing our future.

For 27 years, we have faithfully ministered to more than 635 persons as they travel on the delicate journey of dying. We long to continue our journey of care for years to come. Join the Journey Home family as we celebrate some of the community around us.

In Peace, Your Director,

Tracey Jagla
